

C Spellwrights game flowchart

Character creation

1. Create your *spellwrights*:
 - (a) Choose a name, title, and description.
 - (b) Complete your starting repertoire:
 - i. Roll **12d20** on the table on page 3 to determine your starting letters.
 - ii. Formulate **12 true names** using those letters.

Challenge setup

2. Roll for the **Everscribes' Challenge** on page 15.
3. Read the first challenge in the corresponding appendix.
4. Write a keyword for this challenge on the back of your character sheet and figure out which player's invocations you'll be judging.

Challenge resolution

5. Each player narrates their **first invocation**.
6. Each invocation is scored and its narration continued by the player holding its keyword.
7. Players who scored fewer than **9 points** repeat steps 5–6 for their **second invocation**.
8. Players who still scored fewer than **9 points** narrate how they overcome the challenge with a **third invocation**. This third invocation is still scored.
9. Tally the total scores for this challenge.
10. *Optional*: If you are using the optional rule "**Exchanging True Names**" (page 8), exchange *true names* now.

Repeat challenges

11. Repeat steps 3-10 for the second challenge.
12. Repeat steps 3-10 for the third challenge.

Apotheosis and conclusion

13. Roll for an **Apotheosis** on the table on page 15.
14. Each player narrates their Apotheosis attempt.
15. Vote for the best Apotheosis completion.
16. Declare a winner.
